## **Construction of new residential units to begin at Dos Lagos**

Construction on a new phase of residential units at Dos Lagos in Corona will begin the first week of December, reflecting a steady increase in home sales in recent weeks, the developer announced Wednesday. According to a news release, only a few additional units are still available in Shady Grove, a gated 55-and-older community, with two expected to open escrow this week. Shady Grove homes are priced from the \$100,000s. Information: [www.doslagoslife.com](http://www.doslagoslife.com).
